SERI Summer Science Camp Comes to Saratoga!

The SERI (Scientific Education & Research Institute) of Thornton, CO will host a science camp at the Saratoga Resort & Spa this July for children entering 3rd-5th grades (in the fall of 2011). The camp will be limited to 20 students and applications will be accepted on a first come first serve basis. In this camp students will explore a wide variety of scientific disciplines!

What is the SERI all about you might ask? They specialize in scientific and medical education for students of all ages. SERI has hosted summer science camps for children since 2001. Throughout the years curriculums, activities and methods of teaching have been perfected. The goal of summer science camp is to provide education in a fun and stimulating way. They believe in a hands-on approach to combine science and entertainment. SERI camps in Colorado are always at capacity

and some children have been coming for all 10 years! The SERI staff are happy to bring their camp to Saratoga and hope that your children can enjoy the same education (and fun) experiences as many of the students in Colorado!

The camp will be held July 11th-13th at the Saratoga Resort from 9am-3pm each day. Cost is \$150 per student and covers lunch and snacks each day. For more information contact Camp Director, Jackie Hartley, at 720.540.7374 x 360 or by email at jackie@theseri.com.

From the desk of the General Manager

Happy Father's Day!

June is a very busy month with graduations, father's day and summer beginning. Celebrate Father's Day with us and treat Dad to a day of golf, fishing, or just relaxing by the hot spring pools while enjoying a fresh microbrew. End the day with a great meal in the Silver Saddle Restaurant!

The Saratoga Golf Course is in full swing with many tournaments planned (see our website for calendar of events). The sports court has already been busy with tennis and basketball players. Besides golfing, let us help you book a fly fishing or a scenic float

trip with one of our local outfitters and save your receipt to receive discounts on your stay. Or maybe you would enjoy a hike and a lunch in the mountains!

Whatever keeps you busy during the day, you can always end the day in our pub game room, playing a game of checkers, pool, or chess or watching your favorite team playing baseball on one of our five TV's or just soaking your troubles away in our hot spring pools after a relaxing massage from the Healing Waters Spa.

The Silver Saddle Restaurant is always ready to cook up some great summer

meals, contact us if you would like to do an old fashion BBQ in the courtyard or celebrate a birthday, wedding or anniversary. The SRS staff would love to help you make your special occasion memorable.

Begin your summer with us and find out why we say, the Saratoga Resort & Spa is where Rustic Elegance meets the Great Outdoors!

Susan Wallace
General Manager

Crazy Tie Contest

The Cook's Corner

With Father's Day approaching we all have fond memories of dad BBQ-ing, with flames so high they could be seen down the block as he introduced even more lighter fluid! Then, proudly plunging his hand in he pulled out a charred piece of meat that was to be your meal.

After countless trials there became what is known as the "Grillers Right of Passage", a rule book you might say of the mastery of the male ritual that has survived countless generations. My favorite has

to do with "Origin of Fire", Rule #3: use chimney starters or paraffin cubes to start the fire and eliminate foul chemical fumes that can come from lighter fluid or petroleum products. This can destroy your BBQ before it even begins.

As a master griller you have probably developed some of your own special marinades. If you have some left you would like to keep, simply boil for 1 minute to eliminate bacteria. Often a boiled marinade works better as a basting sauce. If

you are pressed for time go ahead and grab that bottle of *Italian Dressing* for a fast and easy dinner. Remember, cleanup is a snap so no messy pots and pans.

So this Father's Day, leave the lighter fluid to the pyromaniacs and the rest to the "mystical rights of passage" and cook dad a meal like no other.

Wishing you and your dad a Happy Father's Day!

Hope Ratliff
