ENERGY SESSIONS

What to expect with an energy session:

The experience of an energy session can be varied. One can experience deep relaxation, release of pain, greater range of movement, changes in breathing, shifts in the nervous system, sensations of hot or cold, spontaneous movement and the surfacing of memories which can lead to a powerful emotional release of tears or laughter. This occurs because energy can become locked in the body due to physical damage, fear or emotional pain. This release can allow for profound healing.

RAINDROP THERAPY

Raindrop therapy is a "Medicine Man" inspired healing technique, using pure essential oils that are dripped along the spine, like drops of rain. Raindrop therapy combines aromatherapy, reflexology, massage, and moist heat to create healing and cleansing throughout all structural and electrical alignments of the body. The purpose of this treatment is to bring total balance, harmony, and body wellness – mental, physical and emotional.

30MIN \$85  **60MIN \$150**

CHAKRA BALANCE

Chakra balancing is based on the ancient Indian belief in a series of seven chakras, or energy centers. Each of the seven main chakras contains bundles of nerves and major organs as well as our psychological, emotional, and spiritual states of being. Since a chakra is moving energy, if there is a blockage energy cannot flow which can manifest as illness, aches and pains, unknown sadness and more. During a Chakra Balancing Session, the practitioner assesses the flow of energy and removes blockages, as well as evens out the flow from all the Chakras. If your chakras are balanced, in most cases you feel balanced and lighter.

45MIN \$85

REIKI

Reiki is a Japanese energy technique for stress reduction and relaxation that also promotes healing and positive well-being. It is administered by "laying on hands" and is based on the idea that an unseen "life force energy" flows through our body. If one's "life force energy" is low, then we are more likely to get sick or feel stress, and if it is higher, we are more capable of being happy and healthy.
